OUR PROGRAM VALUES

Following are the values we bring to leadership education:

- **Leading as Service** – Transformative leadership starts with self-awareness and leads to empowering and serving others.
- **Planning for Sustainable Organizations** – Business, organizational, community, and global economic success, as well as an acknowledgement of our interdependence with our environment, are vital for healthy societies.
- **Building Community** – We live, learn, grow, and thrive in relationship with others. We believe that learning occurs best in the context of diverse community.
- **Global Citizenship** – We are interdependent and mutually accountable to local, national, and global communities. As a result, we believe in interdisciplinary, cross-cultural, and interfaith engagement around world problems.
- **Growing Spiritually** – As leaders, we are on a journey of spiritual formation and growth, drawing on our spiritual resources to improve our communities and organizations.
